Introductory and Explanatory Notes

The 1985-86 edition of the Iowa Public Library Statistics include features from both the 1984-85 edition and from previous additions. Most sections include listings by library as well as an analysis by region and type of library. All the state totals, averages, and percentages have been placed at the front of the document. Output measures, including document delivery, are included by region only. Reference fill rates are not available for 1985-86.

This publication consists of selected summaries from the 1985-86 statistical printout. A complete printout has been supplied to each of the Regional Libraries.

The 1986-87 edition is being printed now. If you have any suggestions for 1987-88, please contact me.

Introduction and Explanatory Notes

The 1986-87 edition of the Iowa Public Library Statistics includes data from individual libraries as well as analysis by region and type of library. All the state totals, averages, and percentages have been placed at the front of the document. Output measures, including document delivery, are given by region only. Reference fill rates are not available this year, but will be included in the 1987-88 edition.

This publication consists of selected summaries from the 1986-87 statistical printout. A complete printout has been supplied to each of the Regional Libraries.
